How to Use Tide Laundry Pods

Below are tips for the proper way to use pre-measured laundry pods.

1. Take the laundry pod out of the box with dry hands.
2. Use the appropriate number of pods per size of laundry load [see dosage instructions below]
3. Place the pod(s) at the back or bottom of the machine drum, **not in the dispenser drawer**.
4. Place clothes into the washer on top of the laundry pod(s).
5. Follow machine instructions to start the wash cycle.
6. Close box after use to keep pods dry.

Dosage instructions:

1. Small/Medium size loads: 1 pod.
2. Large/X-Large size loads: 2 pods
3. Heavily soiled loads: 2 pods.
4. XX-Large size loads: 3 pods.
